Appearance of Exhibit Booths

Any part of a booth that does not lend itself to an attractive appearance, such as an unfinished side or end panels, must be draped at the exhibitor's expense. Show Management reserves the right to have such finishing done, billing the Exhibitor for charges incurred. Carpet or a suitable floor covering is mandatory for all exhibits.

Assignment of Booth Space

To take advantage of the priority point system, the exhibit space application must be submitted during your scheduled appointment time September 5-7, 2023. Applications received after the scheduled appointment time will be assigned space on a first-come, first-served basis. Priority for space assignment is based on points awarded to exhibitors according to the following system:

- One point to those exhibitors who signed up for booth space during the priority point selection video call sales process for the 2023 Annual Meeting (held in September 2022).
- One point for every 100 square feet contracted for the 2023 Annual Meeting.
- One point for every consecutive year exhibited since 2019 (last 5 years).
- Points for companies who were 2023 Annual Meeting sponsors (points assigned 1-5 based on level Bronze to Diamond).
- One point per Satellite Symposia contracted for the 2023 Annual Meeting.
- In the event of a tie in priority points, the selection process will be adjudicated in a random order which will be noted and changed for the following year's selections.

Badges

Exhibiting companies are entitled to four (4) exhibitor badges per 100 square feet of booth space, with a maximum of 125 badges per booth. Additional exhibitor badges may be purchased for \$100 each. Exhibiting companies are also entitled to one (1) free Guest Badge per 100 square feet of booth space, with a maximum of 4 badges per booth. Additional Guest Badges may be purchased for \$100 each.

Exhibitors can attend educational sessions with an exhibitor badge. However, exhibitors wishing to attend educational sessions for Continuing Education (CE) Credits must register for the Annual Meeting. There will be no credits given to exhibitors that are not paid registrants.

Bags

Distributing bags is only permitted provided they are either white or clear plastic without graphics, logos, or writing. **Any bags that do not follow these guidelines will be removed from the show floor.**

Booth Equipment and Services

This Exhibitor Service Kit (available in March) includes forms from The Expo Group (general contractor) for exhibitors to order items for their booth such as: booth rental furniture, carpeting, additional draping, accessories, or signs. All orders for special work or equipment should be placed well in advance (no less than six weeks before the show) to avoid delay and additional labor charges. The Expo Group is fully equipped to serve exhibitors.

Booth Layouts

Following are descriptions and rules for In-Line and Island Booths:

In-Line Booths

In-line booths are generally arranged in succession and exposed to an aisle on one side. In-line booths are sometimes referred to as "Linear Booths". The standard In-line booth size in the US is 10'x10' (3.05m x 3.05m). Without concern for the number of In-line Booths used (i.e., 10x20, 10x40), booth displays should be set up in such a way to not obstruct the sightlines of other booths. The maximum height of 8 feet is allowed in the rear ½ of the space, and a maximum height of 4 feet in the front ½ of the space to the aisle. Note: when three or more In-line booths are utilized in combination of a single space, the 4-foot height limitation only applies to that portion of the booth within 10' of an adjoining booth. In other words, for any In-line booth space longer than 30', the 4-foot restriction is only applied to the 10' booth sections on the left and right extremes of the space. All video presentations must be confined to the back half of the booth. All in-line booths will be provided with an 8' high back wall drape and 3' high side drapes and one standard booth sign (7"× 44") with

company name.

Island Booths

An Island booth is any size booth that is exposed to aisles on all sides. Island Booths are generally 20'x20' or larger. Overstatement in the design should be avoided, and attention-getting devices such as flashing signs are prohibited. Exhibits must be constructed in compliance with the Americans with Disabilities Act. Mobile units may be displayed provided they follow the Toronto Fire Department regulations.

Island Booth Display Rules

A detailed rendering that clearly shows height and distance from the perimeter of each element of the display, including furniture and equipment placement, as well as the site and nature of any audio presentation is required to be provided to Show Management no later than Friday, March 22, 2024. There will be a \$500 fine for any company that does not provide this booth rendering by the due date.

Island exhibits may extend to all outer edges of the booth space, but the design of the booth must allow accessibility from all four aisles and sufficient see-through areas so as not to block the view of the adjacent exhibits. All building materials including those considered "see-through" or "sheer" such as glass or fabric would be considered as possible visibility blockers when SNMMI reviews island renderings. If an exhibitor fails to submit renderings by the deadline, and the exhibit does not conform to SNMMI's rules and regulations, Show Management reserves the right to levy a fine up to \$1,500, close the exhibit and/or bar exhibitor from future SNMMI Annual Meetings. Islands with a covered area of 225 square feet or greater must have a fire suppression system approved by the Toronto Fire Department.

The maximum height allowed for an island booth is 29'. Island booths that abut a column may have, at their expense, that column draped up to 12' high. Peninsula booth spaces and bridging of aisles are not permitted.

Any booth 12' or higher requires the exhibitor to complete the fire safety reply form (see sample below) and the Toronto fire marshal may contact you for further information.

If the violation is not corrected within 24 hours after the offending company is notified of the violation, then Show Management may also, at its discretion, levy a fine equal to \$500 for each priority point deducted. If a company repeats a violation, Show Management may deduct points and levy monetary penalties without giving time for the violation to be corrected.
